Professional Summary

Senior MERN Stack Developer and Corporate Trainer with proven expertise in building scalable, high-performance web applications and mentoring 800+ aspiring developers. Specialized in MongoDB, Express.js, React.js, and Node.js with hands-on experience in AWS deployment, CI/CD pipelines, and Docker containerization. Reduced application load times by 40% through performance optimization and successfully conducted 50+ corporate training sessions, significantly improving placement success rates.

Technical Skills

Frontend Technologies: React.js, JavaScript (ES6+), HTML5, CSS3, Redux, Context API, Responsive Design
Backend Technologies: Node.js, Express.js, RESTful APIs, Authentication & Authorization (JWT, OAuth)
Databases: MongoDB, Mongoose, NoSQL Database Design
DevOps & Cloud: AWS (EC2, S3), Docker, CI/CD Pipelines, Git, GitHub, Cloudinary, Razorpay Integration
Development Tools: VS Code, Postman, npm, Webpack, Babel, Agile/Scrum Methodologies
Soft Skills: Corporate Training, Mentorship, Technical Documentation, Team Collaboration, Problem Solving

Professional Experience

AccioJob

May 2025 – Present

MERN Developer cum Trainer

Gurugram, Haryana, India

- Developing and deploying full-stack applications using MERN stack, ensuring optimal performance and scalability
- Conducting comprehensive training sessions on JavaScript, React.js, Node.js, and modern web development practices
- Mentoring students on building industry-ready projects and preparing them for technical interviews
- Collaborating with cross-functional teams to design reusable UI components and modular codebases

Kodu - Powered by Dhurina

September 2024 – May 2025

Full-Stack Developer cum Trainer

Hisar, Haryana, India

- Architected and developed robust, scalable web applications using MongoDB, Express.js, React.js, and Node.js
- Delivered interactive training sessions to students on full-stack development and industry best practices
- Mentored students on real-world projects, enhancing practical learning and employability skills
- Implemented RESTful APIs with Node.js and Express.js, ensuring secure and efficient data communication
- Managed version control using Git and followed agile development methodologies for project delivery

ByteCode IT Solutions

March 2023 – August 2024

MERN Trainer

Kakadeo, Kanpur

- Trained over 1000 students in MERN stack technologies with hands-on project-based learning approach
- Designed comprehensive curriculum covering MongoDB, Express.js, React.js, and Node.js fundamentals
- Provided practical project experience to enhance students' industry-ready skills and portfolio
- Achieved high placement success rate by focusing on real-world application development and interview preparation

Celebal Technologies

May 2024 – October 2024

Web Developer

Remote

- Developed responsive web applications using modern JavaScript frameworks and libraries
- Collaborated with remote teams to deliver projects within tight deadlines and quality standards

Fyntl-AI

March 2023 – April 2024

Frontend Developer

Remote

- Built interactive and responsive user interfaces using React.js and modern frontend technologies
- Optimized frontend performance, resulting in improved user experience and faster load times

Education

Dr. A.P.J. Abdul Kalam Technical University

Uttar Pradesh, India

Bachelor of Technology in Computer Science

Key Achievements

- Improved web application performance by 40% through code optimization and efficient database queries
- Successfully mentored 800+ students and conducted 50+ corporate training sessions
- Deployed multiple production-ready applications on AWS with integrated payment gateways (Razorpay)
- Served as Campus Ambassador for GeeksforGeeks (June 2022 - March 2024), promoting coding culture
